These maps were digitized from existing FEMA Flood Insurance Maps by FEMA. These digital maps are for planning purposes only and should not be used to identify individual properties which may be in or out of floodplain areas where a great deal of accuracy is required.

This map was prepared by the Outagamie County Real Property Listing and Planning Departments. While intended to be as accurate as possible the map accuracy is limited by the quality of the public documents from which it was prepared. No warranty is made, and this map shall not be used as a substitute for an accurate field survey.
